

Solutions for your tank...

NEW!

Modern Tank Cleaning

UNDERGROUND STORAGE TANK CLEANER

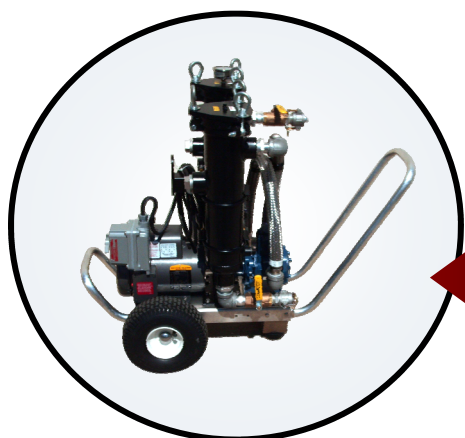

Now there's an **EASY** way to clean your entire tank, **EFFICIENTLY** and **EFFECTIVELY!**

Gamajet® X

Design

- Subaru® Engine designed for use in pumping volatile and flammable liquids specially modified by Gorman-Rupp® as a *Shield A Spark™* series.
- Specially modified Gorman-Rupp® pump for use with light viscosity fuels for maximum suction lift from UST's with Petrol, Ethanol, Diesel, or Home heating fuels.
- Pump designed to custom match the performance band of the Gamajet® X UST Tank Cleaning Machine.
- Designed to fit in the back of a Standard sized pickup truck bed for roll on/off with simple wheel ramps.
- Sight Glass to watch the fuel entering the system.
- By-Pass set for a maximum PSI of 75. Nominal flow rate of 50+ GPM while cleaning tank and/or polishing the fuel.
- Cim-Tek® Viking canisters coated with special Epoxy for use with Ethanol and Bio-Diesel.
- Modular design allows for optional secondary filter set for extra dirty tanks.
- Easy to use vacuum and pressure gauging to take the guess work out of when to change the filters.
