

Your easy,
cost-effective way

to greet the future.

Gilbarco® Passport® with PA-DSS

Passport makes it easy to upgrade from your G-SITE®, easy to get PCI compliant, and easier to turn a profit. Let the leader you trust, Gilbarco Veeder-Root, show you how Passport is your best investment for today and tomorrow.

> **Clever compliance.** Passport meets the PCI Security Standards Council's Payment Application Data Security Standard (PA-DSS), the go-forward requirement. But all the PCI functionality is housed separately and securely from the other value-adding applications. New features that build your business

can come faster and more easily, giving you the competitive edge.

> **No headaches.** Passport's intelligent design and intuitive touch screen take the hassles out of high-tech. It improves uptime, reduces service costs and keeps your business running smoothly.

> **The most powerful business tools.** Get ready to boost your efficiency, productivity and profitability. Superior features give you an advantage.

> **Business connections.** Passport seamlessly connects your forecourt to your c-store. And it connects your business to the most third party business partners, adding value and building profit.

> **Greet the future.** Passport is a total solution with no hidden costs. It's worth every penny because it protects you from needing costly upgrades later. Passport is designed to grow with you and grow your business.

Technology with a human touch.

Clever compliance

- > Unique architecture separates PCI functions from other POS features
- > Protects you from loss of card acceptance
- > Adapts easily to future PCI changes
- > Works as the most cost-effective long-term, not quick fix, solution
- > Endorsed as a go forward POS by all major credit networks

No headaches

- > Converts G-SITE data to Passport in only 30 minutes
- > Trains cashiers easily in 20 minutes
- > Reduces errors with smart design
- > Adapts to simplify transactions
- > Customizes to fit your cashiers, your business
- > Works with many G-SITE peripherals
- > Upgrades without a service visit

- > Backs up data and gives you automatic system recovery
- > Ensures network connectivity with greater fault tolerance
- > Comes with 24-hour Online Help Desk and remote diagnostic fix

The most powerful business tools

- > Streamlines forecourt connectivity and control
- > Tracks employee transaction level performance
- > Creates customizable reports/audits (daily, weekly, monthly or quarterly)
- > Enables you to force a day close
- > Programs alerts and reminders for managers and cashiers
- > Delivers flexible line item void capability
- > Delivers multi-tiered, fuel-based discounting
- > Provides for flexible security roles

Business connections

- > Leads the industry in creation of standard interfaces
- > Supports the largest number of third party partners
- > Integrates seamlessly with third party loyalty systems
- > Allows transmission of full transaction-level data for market basket analysis and reporting
- > Interfaces with third party networks at the same location (CFN, Mannatec, and NPC)

Greet the future

- > Your total solution without hidden costs
- > Worth every penny because it protects you from needing costly upgrades later
- > Designed to grow with you and grow your business

Passport with PA-DSS Specifications

Hardware:
> Intel® Pentium 4 2.6GHz (or higher)
- Socketed processor
- 400 MHz system bus
> System Memory
- 1 GB DDR SDRAM standard on PS52 server
- Upgradable to 2 GB
> Dual 80GB HD on PS52 server
> SoundBlaster™ compatible integrated 56K RAS modem
> Integrated 52x32x52 CD-RW
> Tri-fan positive pressure cooling system
> 300 W Universal power supply

15" LCD Touch Screen:
> Five-wire resistive
> Dual bulb
> Integrated stereo speakers

I/O Connectivity:
> RS-232 ports (2)
> USB ports (4)
> PS/2™ Keyboard and mouse ports
> Parallel port
> 10/100Mb Ethernet LAN
> 8-port USB/RS232 Converter (upgradable to 16 ports)
> Linksys® Ethernet Firewall Router

Environmental Specifications:
> Operating range: 41°F – 113°F (10°C – 40°C)
> Relative humidity: 20–95% non-condensing

Dimensions and Weight:
> Dimensions - 18.30"L x 7.70"W x 16.70"H
> Weight — 26 lbs.

OPOS Compliant Peripherals:
> PIN Pad with 2-track MSR
> Optional Gilbarco® RFID reader
> 2 x 20 customer display
> Epson® Thermal Receipt Printer
> Epson® Impact Network Journal
> OKI® Digital LED Report Printer
> APG Cash Drawer
> Metrologic® scanner

Gilbarco Forecourt Control:
> LAN connectivity for Gilbarco
> Fault tolerant forecourt control
